Profile

Motivated front-end web developer ready for new knowledge and improvement. I always try to contribute to the common cause and be part of the team. I am looking for the best ways to solve problems and look to the future.

Employment History

Manager of a store salary, Shin s.r.o, Prague

MARCH 2019 — MARCH 2022

In this position, I learned to be flexible in my decisions. Think not only about the speed of solving problems, but also about quality. Working with clients is quite difficult in different situations and finding the right solution is a skill that needs to be learned.

Store Security , Albert Czech Republic, s.r.o.

JANUARY 2019 — FEBRUARY 2020

In this position, I felt all the pain of working as a security guard. Stand all day on your feet and watch people shop around trying to see something suspicious. However, the value of knowledge grew in my head.

Ice cream man, Amorino Czech Republic s.r.o

MAY 2018 — DECEMBER 2018

In this position, I learned how to work with clients, present products and solve problems that arise. As well as work in a team and maintain a common atmosphere
